

Product information

MachinePad Universal

Characteristics

- High cleaning capacity;
- May be used on both sides.

The Universal Greenspeed[®] MachinePad is used in combination with a scrubbing machine. The MachinePad can be used for many different purposes, for example,

for carpet cleaning, mechanically wet mopping of hard surfaces and dry buffing or polishing of waxed, hard surfaces.

The dirt absorption capacity of the MachinePad Universal is very high because the pad contains 70% microfibre. The green acrylic strips ensure a smooth motion across the surface.
