

Product information

ScrubMop

Characteristics

- Fast cleaning of non-scratch floor areas;
- No spreading of dirt;
- Fast and easy change because of Velcro;
- Loop for removal of the mop;
- Efficient use because of colour coding.

Scrubbing and washing floors simultaneously: the Greenspeed[®] ScrubMop contains a combination of twisted microfibre and polyester material with strips of blue, hardened polypropylene for a scrubbing effect. The blue polypropylene ensures a scrubbing effect on hard, not easily scratched floors and walls, such as tiles and melamine. The interwoven microfibre and polyester material absorbs the dirt. The ScrubMop provides a more intensive cleaning: contamination and caked dirt will be removed efficiently.

The loop at the side ensures that the dirty surface does not have to be touched while changing mops. This changing is quick and simple because the backing of the ScrubMop is made of Velcro. Colour-coded mops guarantee an efficient and hygienic use.

Specifications

Colour	green with blue 'scrubbing strips' (with coloured labels)
Dimensions	30 cm (28/32 x 13) 45 cm (42/46 x 13)
Composition	60% microfibre and 40% polypropylene (blue strips)
Weight	± 85 grams (30 cm) ± 120 grams (45 cm)
Filling	2x microfibre cloth and 1x non-woven cloth
