

Techno San - 5 l

GENERAL

Mildly acidic bathroom cleaner for daily use.

- Slightly acidic formula for active limescale removal.
- No rinsing necessary.
- Naturally perfumed.
- For all acid-resistant surfaces.
- EU Ecolabel.

Techno San is an ecological sanitary cleaner for professional use. The product is intended for daily cleaning of wash basins, showers, bath tubs, toilets, floors and wall tiles. Techno San quickly and effectively removes all grease, soap and limescale residue from acid-resistant materials. Techno San should not be used on calcareous surfaces like marble, bluestone,... Techno San is free from chlorine compounds, other halogen compounds, inorganic acids, and petroleum-based detergents. All detergents used in these products originate from vegetable sources. All ingredients of non-mineral origin are fully biodegradable.

pH 2,5

USAGE

Add 20 ml Techno San to a bucket with 4-5 L of water (0.5%). Clean the surface with a sponge or cloth. No rinsing required. For heavy soiling, the dose can be increased. For spray cleaning: put 20 ml into a spray bottle with 500 ml of water.

Undiluted Techno San can be used for periodic cleaning.

Only use this product for its specified purposes. If in doubt, first test the product in an inconspicuous area. Greenspeed is not responsible for any damages if the product is used incorrectly. Consult the Safety Data Sheet (SDS) for additional information.
