

Original Microfiber Cloth - 40 x 40 cm - ORANGE

GENERAL

Ultimate quality microfiber cloth for durable cleaning of virtually all surfaces.

- Saves time through effective & fast cleaning.
- Washable at least 600 times.
- High absorbency, 6 times its own weight.
- Solid edge finish that prevents the microfiber cloth from shrinking.
- Material Health Certificate bronze level from the Cradle to Cradle Innovation Institute.

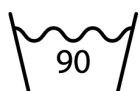

Both dry and slightly damp, the Greenspeed® Original microfiber cloth is the ideal partner for daily cleaning of virtually all materi

USAGE

1. Before first use, wash the cloth once in the washing machine.
2. When used dry, it is an ideal duster. Slightly damp, it easily removes dust and dirt even without detergent.
For slightly damp use: Spray an area using a spray bottle or pre-impregnator. For 15 cloths, use 500 ml of water. Place half of the microfiber cloths in a bucket. Add 250 ml of water (with detergent). Place the remaining cloths in the bucket and add 250 ml of water again. The cloths are now clammy for optimal use.
3. Fold the cloth in half 3 times.
4. Use all 16 surfaces, one at a time and change timely.
5. We recommend washing the cloths at 60° C with a detergent for colored fabrics such as Greenspeed detergent. Lower washing temperatures help protect the environment.

Machine wash, 90 °C

Do not bleach

Tumble dry, low heat (60 °C)

Do not iron

Wash without fabric softener

Original Microfiber Cloth - 40 x 40 cm - ORANGE

TECHNICAL SPECIFICATIONS

Dimensions product (WxHxD) 40 x .2 x 40 cm

Dimensions: 40 x 40 cm

Weight: 50 g - 308 g/m²

Color: Orange

Washing: 600* - 1200**

Lifetime: 3.5 years***

Shrinkage ISO 5077 2.80%

Microplastic Score A

Material: 100% microfiber

Microfiber composition: 80% PET, 20% PA

Absorption capacity: x6 - speed: 2.82 g/s

Production method: weft knitting

Edge finish: wrapper - polyester

* Minimum amount of washes (under normal conditions)

** Estimated amount of washes (under recommended optimal conditions)

*** 1 wash/day (under recommended optimal conditions)
