

Element Microfiber cloth - 40 x 40 cm - BLUE

GENERAL

3083 0052

Quality microfiber cloth for durable cleaning of almost all surfaces.

- High cleaning and absorbing power.
- Washable at least 300 to 600 times.
- Absorption capacity 5 times its own weight.
- Solid edge finish which prevents the microfiber cloth from shrinking.
- Nordic Swan Ecolabel.

With the Greenspeed Element microfiber cloth you lay a solid foundation for daily cleaning of almost all materials. Like the Greenspeed Original microfiber cloth, the Element removes soiling on melamine, glass, v

USAGE

1. Before first use, wash the cloth once in the washing machine.
2. When used dry, it is an ideal duster. Slightly damp, it easily removes dust and dirt even without detergent.
For slightly damp use: Spray an area using a spray bottle or pre-impregnator. For 15 cloths, use 500 ml of water. Place half of the microfiber cloths in a bucket. Add 250 ml of water (with detergent). Place the remaining cloths in the bucket and add 250 ml of water again. The cloths are now clammy for optimal use.
3. Fold the cloth in half 3 times.
4. Use all 16 surfaces, one at a time and change timely.
5. We recommend washing the cloths at 60° C with a detergent for colored fabrics such as Greenspeed detergent. Lower wash temperatures help protect the environment.

Machine wash, 90 °C

Do not bleach

Tumble dry, low heat (60 °C)

Do not iron

Wash without fabric softener

Element Microfiber cloth - 40 x 40 cm - BLUE

TECHNICAL SPECIFICATIONS

Dimensions product (WxHxD) 40 x .2 x 40 cm

"Dimensions: 40 x 40 cm
