# Product information
MultiMop

Characteristics

- Large cleaning capacity;
- Foam material in the mop prevents drying too quickly;
- Fast and easy changing of the mop due to Velcro;
- Loop for changing of the mop;
- Efficient use due to colour coding.

With good reason the Greenspeed® MultiMop is called 'multi': this multi-functional mop can tackle every smooth surface!

The MultiMop is an enormous aid for the cleaning of doors, (tiled) walls and even for lacquered tables or melamine. Of course the MultiMop also tackles bathrooms and hard surfaces, like glazed floor tiles. Because this mop contains a high percentage of microfibre, it provides an extra-large cleaning capacity. However, on some surfaces, due to friction, the mop may be somewhat heavy to use.

The loop at the side of the mop ensures that you don't have to touch the dirty surface when changing the mop. Changing is fast and easy because the backing of the MultiMop is made of Velcro. The colour coding ensures efficient and hygienic application.

The MultiMop is available in different sizes.

Specifications

Colour	pink/green stripes (with coloured labels)
Dimensions	30 cm (28/32 x 12)
	45 cm (42/46 x 12)
	60 cm (56/60 x 12)
Composition	80% microfibre, 20% polyester, velcro backing
Weight	± 55 grams (30 cm)
	± 80 grams (45 cm)
	± 100 grams (60 cm)
Filling	5 mm foam + 2x microfibre cloth + 1x non-woven cloth
