

Twist Mop Velcro - 60 cm

GENERAL

3083 0019

Microfibre mop with a long mop handle (8 mm) for damp cleaning of almost any hard surface.

- Quick floor cleaning and a short drying time.
- Excellent cleaning power even with water only.
- No smearing of dirt.
- Quick and easy to change thanks to its velcro strap. Loop for hygienic removal of the mop.
- Colour coding allows efficient use.
- Nordic Swan Ecolabel.

USAGE

1. Wash the mop in the washing machine before the first use.
2. Use 5 to 6 litres of water for 15 mops. Fold the mops in half (microfibre on the inside), place the mops in a tray with the narrow side at the bottom and the loop at the top. Add 5 to 6 litres of water. Allow the mops to absorb the moisture. Move the first 2 mops backwards to distribute the moisture evenly. The mops are now damp for optimal use.
3. Place the mop on the mop holder.
4. Remove mop after each use.
5. Wash in the washing machine before next use. Lower washing temperatures help protect the environment. We recommend washing the mops at 60°C using a washing detergent suitable for coloured fabrics like the Greenspeed detergent.
