# Click'M C Twist Mop - 50 cm

GENERAL

High-quality mop for damp cleaning of hard floors.

- Recommended for use on smooth floors.
- Rapid drying time for quick floor cleaning.
- Excellent cleaning power with streak-free results.
- The mirofibre is stitched over the edges of the mop to optimize
dirt collection and maximize cleaning performance.
- Suitable for pre-soaking.

The Click'M C is a high-quality and innovative flat mop system, with a revolutionary magnetic click-fastening. Extra hygienic in use, the mop can be removed from the frame without coming into contact with your hands. There are three different mops available for the frame, each with four coloured ribbons for efficient use.
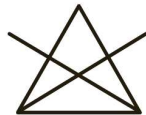

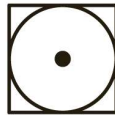

USAGE

1. Wash the mop in the washing machine before the first use.
2. Use 4 to 5 litres of water for 15 mops. Fold the mops in half (microfibre on the inside), place the mops in a tray with the narrow side at the bottom and the loop at the top. Add 4 to 5 litres of water (with detergent). Allow the mops to absorb the moisture. Move the first 2 mops backwards to distribute the moisture evenly. The mops are now damp enough to ensure optimal use.
3. Slip the mop onto the frame, locking onto the magnets by pushing down on the handle.
4. Will clean 40-70m² floor area (normal soil).
5. Remove the mop after use by simply releasing the clip with your foot.
6. Machine-wash the mop before the next use.
